No. 83.

News of the Week as Told in County Press

There was nearly one-half of an inch of rainfall here Tuesday. According to the government weather bureau, a branch of which is located in this city, the rainfall for that day was 4.9 of an inch. Several inches of snow were reported to have fallen that day on the hills near Ukiah. This moisture is a great benefit to all. It not only insures fine pasture for cattle and sheep, but it also indicates that we will have another bumper grain crop. Stockraising and general farming are two assets that every section of Eastern Oregon can not boast of. There may be some communities where a certain kind of grass or fruit or berry will grow with much more luxuriance than it would at Pilot Rock, but for ideal homes and general prosperity, Pilot Rock sets the example that other communities are trying to follow.—Pilot Rock Record.

William Garr and family, of Pendleton, have moved their household goods into the residence on the corner of Bluff and Willow streets, and will make Pilot Rock their future home. Mr. Garr is an excellent barber and will be employed in the Pilot Rock barber shop. He is also a

cornetist of rare ability and will be a good acquisition to the band.—Pilot Rock Record.

H. H. Hill, local agent for the Washington Nursery company, informs the Press that he has received orders this spring for large consignments of fruit and shade trees, shrubs and ornamental stock to be planted at homes in this vicinity.

Fruit of good quality is raised in this section and the increase of trees set out is noticeable. The harder varieties of fruits and berries will do well here, the quality being excellent. Those who have placed orders with Mr. Hill this spring are:

Louis Keen, Mrs. B. B. Richards, W. P. Littlejohn, A. J. Parker, Louis Hinde, Victor Harris, Sam Pambrin, H. N. Hawks, George Llewellyn, Frank Knowlton, Frank Berlin, Mrs. Joseph Lavadore, J. M. Swaggart, Mrs. C. D. Bergevin, Harry McBride, A. B. McEwen, Joseph Sheard, Wm. Bush, S. S. Piersol, Z. W. Lockwood, Henry Koepke, W. O. Read, J. D. Plamondon, Mrs. Vina Farrow.—Athena Press.

One of the most widely circulated fruit magazines is that of Better

Fruit. C. B. Miller of the Commercial club, has succeeded in getting a fine write up of Freewater and vicinity in that magazine accompanied by a cut of the fruit display made at the Walla Walla fair last year, which won the silver medal. The Commercial club feels under obligation to Better Fruit for its recognition of the resources of this section.—Freewater Times.

Shird C. Staley, a former resident of Freewater and vicinity died suddenly in Spokane on Tuesday night. He had been in poor health for some time. He was 29 years of age and a brother of Henry, Will, John and Thomas Staley, Mrs. R. Lawson, Mrs. Maggie Lawson, Mrs. Chas. Perkins and Mrs. J. O. Mills.—Freewater Times.

Bun Boylan was a visitor last week at Portland on a business trip on which he leased 220 acres of land near the State Line from the Baker-McFall company. The lease is for five years. Mr. Boylan is a hard working, successful young rancher and we are sure he will do well.—Freewater Times.

On motion by President A. R. Shumway, of the Milton local, the delegates to the quarterly county convention of the Farmers' Educational and Co-operative Union of America, which met in Milton last Saturday, passed a resolution condemning the plans of the recent county court in the matter of building permanent roads.

The resolution included that a copy of the same be sent to each member of the county court. The permanent road work referred to especially, was that of building macadam thoroughfares. It was claimed that careful investigation had shown that macadam roads were not lasting in dry climates such as this, as when dry the roads are easily cut up and reduced to dust, in which condition they are carried out of the road bed by the merest breeze or stir of circulation.—Milton Eagle.

Funeral services over the remains of Norman F. McCracken, who was instantly killed at the Pacific Power & Light Co.'s plant, near this city last Tuesday morning, were held from the residence near the plant at 11 o'clock yesterday morning, Rev. J. A. Lord of this city, officiating. Interment was in the Odd Fellows' cemetery of Milton.

The deceased is survived by his father and mother who live near Salem, the former of whom attended the funeral, and by two brothers, one of whom is L. B. McCracken, superintendent of the light plant where the accident occurred, and by a wife and one child.—Milton Eagle.

Alfalfa hay growers in the Hudson Bay country are looking forward to a big crop this season and expect the first cutting to come about the first of June as usual this year, despite the late season, according to former Mayor D. J. Kirk, who was transacting business in Milton last Wednesday.

Mr. Kirk says the alfalfa stands

about 14 inches high now and is coming along nicely. Growers all expect large yields.—Milton Eagle.

The contract for building the new warehouse of the Walla Walla Valley Fruitgrowers' association was let the first of the week to E. A. Williams, who has already started work on the new building.

When complete the main warehouse will be two stories high, beside concrete basement, and 40x30 feet in dimensions. With the platforms which will extend completely around the structure the whole will measure 72x110 feet. S. Eaton commenced work on the excavation and concrete work Wednesday morning and the whole thing will be pushed to an early completion.—Milton Eagle.

MRS. DIETZ AND HER AFFINITY ARE HELD

Chicago, April 19.—Mrs. Dietz and George Nurnberg, her alleged affinity, will probably be arraigned this afternoon on a charge of murdering the woman's husband. Nurnberg admitted to the police that he took the woman to a hotel "two or three times."

Mrs. Dietz and Nurnberg are under surveillance but not formally in custody.

When Making Croutons.

An easy way to make croutons for soup. Cut the bread into squares of the desired size and place them in a corn popper. Hold them over the glowing coals and they will crisp in a minute.

\$100 REWARD. \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

The East Oregonian will buy your old rags. Must be large and clean. Bring or send them to this office at your earliest convenience.

LUNGS SORE. CHEST FEELS STUFFY. COUGH DRY AND DEEP. CAUGHT A SEVERE COLD

These Symptoms Call for Dr. King's New Discovery, With a Record of Cures for Over 43 Years Back of It.

Dr. King's New Discovery is not a cure all. It is prepared to treat and relieve every kind of cough and cold of infants, children, adults and aged. It was originated during a severe cough epidemic 43 years ago, was an immediate success and is probably the most used cough and cold prescription in the world. Your money refunded if Dr. King's New Discovery does not relieve you.

Don't put off getting relief. Buy a bottle from your druggist today.

"It cured me of a dreadful cough," writes Mrs. J. F. Davis, Stickney Corner, Me., "after doctor's treatment and all other remedies had failed." Excellent for coughs, colds or any bronchial affection.

Mrs. A. F. Mertz, of Glen Ellyn, Ia., writes: "I had a hard, stubborn cough that I had doctored for over six weeks without my getting any better. Our druggist finally recommended Dr. King's New Discovery and my husband bought a dollar bottle. After using two-thirds of it my trouble eased down, and it was not long till I was completely cured. Dr. King's New Discovery surely deserves all the praise it gets." Sold by
